Circular
No. 1105-2-6

9 March 1973

EXPIRES 30 JUNE 1974
Planning
FUNDING STUDIES UNDER CONTINUING AUTHORITIES

1. Purpose. This circular provides guidance concerning the delegated authority and the limits of funding which can be initially charged to the Revolving Fund for undertaking reconnaissance reports for flood control, beach erosion control, and navigation studies under continuing authorities for projects having a Federal cost of not over \$1,000,000, and letter reports for clearing and snagging projects for flood control having a Federal cost of not over \$100,000.
2. Applicability. The circular applies to all Corps of Engineers elements having Civil Works planning responsibilities.
3. References.
 - a. ER 1165-2-12, Small Flood Control Projects not Specifically Authorized by Congress.
 - b. ER 1165-2-13, Small Beach Erosion Control Project Program.
 - c. ER 1165-2-14, Small Navigation Project Program.
 - d. ER 1165-2-101, Special Continuing Authorities.
 - e. ER 1165-2-5, Coordination with the Public on Civil Works Activities.
4. Authorization and Funding of Reconnaissance and Letter Reports. The above references 3a, 3b, 3d, and 3e authorize the preparation of Reconnaissance Reports for small flood control, beach erosion control, and navigation projects and letter reports for clearing and snagging for flood control if reports will cost less than \$2,500 and also permit the initial funding of such reports to be charged to the Revolving Fund in accordance with ER 1165-2-5. Effective immediately, the funding limits for such reports are changed to \$5,000. The Chief of Engineers will be notified by letter when such a study
